

LED Garden Spike Light

JLT-FL55119

PRODUCT OVERVIEW

Compact and durable LED Spike Spot Light designed for outdoor landscape and architectural lighting applications. The adjustable head allows precise beam aiming, while the ground spike enables quick and secure installation in soil or soft ground.

KEY FEATURES

- Die-cast aluminium housing
- Electrostatic powder-coated finish
- Adjustable aiming angle
- High-efficiency LED light source
- Ground spike for easy installation
- IP67 weatherproof construction
- Excellent heat dissipation
- Long lifetime with low maintenance
- Suitable for outdoor landscape lighting

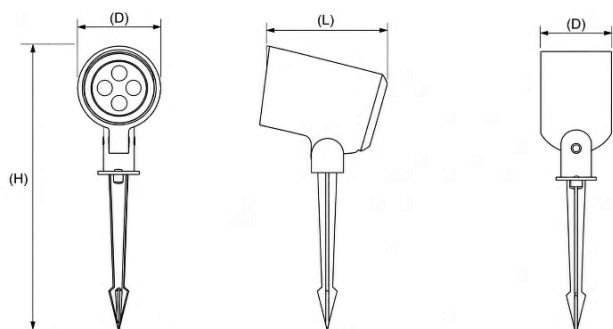

APPLICATIONS

- Garden & Landscape lighting
- Trees and shrubs
- Pathways
- Architectural lighting
- Villas & Parks
- Outdoor commercial areas
- Signboard illumination

Photometric data files (LDT/IES) for various beam angles are available upon request.

OVERALL DIMENSIONS

SKU

Dimensions (mm)

01551190107 : 7W, D (Ø80) × L95 × H 300
02551190110 : 10W, D (Ø80) × L95 × H 300
03551190115 : 15W, D (Ø100) × L115 × H 320

TECHNICAL SPECIFICATIONS

Input Voltage : 220-240VAC, 50/60Hz
Power : (7 / 10 / 15) W
Luminous Flux : (553 / 750 / 1200) lm
Efficacy (lm/W) : (79 / 75 / 80) lm/W
Light Source : High Power LED (SMD)
CCT : 3000K / 4000K / 6500K
CRI : ≥80
Beam Angle : Symmetric 15° / 30° / 45° / 60°
Optical System : High-Efficiency Optical Lens
IP Rating : IP67
Mounting : Ground Spike
Adjustment : Adjustable Head
Body Color : Dark Grey / Black (*Optional*)
Lifetime : 50,000 Hours
Warranty : 5 Years
